LET'S CREATE TOGETHER.™

Platinum Visual Systems™ grew out of five decades of experience and our commitment to producing the absolute best in visual display products. The Platinum line promises precision engineering, the highest quality materials and exacting construction to ensure that every product meets our world-class standards. We even warranty our porcelain-on-steel surfaces for a lifetime of dependable use.

From our facility in Corona, California, we take pride in every aspect of delivering a top-quality visual display system. We manufacture our markerboards, chalkboards and tackboards under stringent quality controls, with a commitment to developing environmentally friendly visual products that qualify for today's stringent certification. Platinum uses superior heavy-duty 6063-T5 aluminum alloy exclusively to produce our aluminum extrusions. We create our tackable surfaces using only the finest quality materials. Our Writanium® writing surfaces are so beautifully designed and produced – incorporating the most advanced technology – we guarantee their performance for a lifetime.

Yet, no matter how well we make our products, they are not complete without top-notch service to back them up. You'll always enjoy friendly, courteous and helpful support every time we speak to you. If you have a question, we'll get it answered. If you have a complaint, we'll make it right. In everything we create and everything we do – it's your complete satisfaction that drives us to be the very best.

We make it easy. So you can be brilliant. Platinum Visual Systems continues to set the highest standard for quality, reliability and integrity in our products. Together with our unsurpassed service, that's an unbeatable combination. Call us and we'll prove it.

Because
I offer a world
of possibilities. So
go ahead. Expand that
new equation. Design that
building. Teach. Brainstorm.
Scribble. Dream. Invent.
Discover. Save lives. Then,
simply erase and start
over again.

I'm
proud
of *being blank.*

We design our writing surfaces and tackable surfaces so you can choose the perfect medium for your message. Smart. Tough. Versatile. Long-lasting. They are simply the best communication tools you'll ever need. Our environmentally friendly markerboards, chalkboards and tackboards have earned SCS Certified Gold Indoor Advantage status and are proudly made in the USA. Versatile trim system options — including Box Tray, Drop-in Tray, Hanger Bar, Narrow Hanger Bar, Modular, Standard and Wide Profile — are available for all boards.

Platinum boards meet
the gold level indoor air
quality environmental
standards of the Scientific
Certification Systems

WRITANIUM® MARKERBOARDS

Make your mark. Get on board with sharper color definition and higher contrast than any product you've used with vinyl dry erase or melamine surfaces. And say goodbye to ghosting, glare and light reflection. Our sleek, beautifully finished markerboard surfaces offer smooth writability to bring your visual presentations and displays vividly to life. The secret to our surface appeal: Writanium®.

- Porcelain-on-steel process creates a durable, nonporous surface with a high resistance to impacts, abrasions, scratching and fading.
- Engineered for superior color contrast with markers.
- Use any marker without damaging the surface.
- Wipe off dry erase ink easily with cloth or standard eraser.
- Remove other inks with appropriate cleaning agent or solvent-based cleaner.
- Magnetic aids hold and reposition easily.
- Permafuse™ custom imprints graphics like music staff lines, graphs, guidelines or logos.
- Flame resistant surface — 100% noncombustible.
- Lifetime warranty.

Platinum boards meet the gold level indoor air quality environmental standards of the Scientific Certification Systems

FROM ABC
TO PHD,
DISCOVER A
WORLD OF
POSSIBILITIES
on board.

WRITANIUM® CHALKBOARDS

Educate. Create. Erase. Repeat. Feel free to give our Writanium® Chalkboards a rough time. Use them again and again. For a lifetime, even. The controlled matte finish never gives up — and never allows glare or ghosting. Just clean, precise writing every time.

- Porcelain-on-steel process creates a durable, nonporous surface with a high resistance to impacts, abrasions, scratching and fading.
- Magnetic aids hold and reposition easily.
- Permafuse™ custom imprints graphics like music staff lines, graphs, guidelines or logos.
- Flame resistant surface — 100% noncombustible.
- Lifetime warranty.

COLORED CORK TACKBOARDS

Easily impressed. We construct our fine grain Colored Cork Tackboards in a variety of decor smart colors using 1/4" fine grain cork, burlap backed and laminated to 1/4" durable substrate. Environmentally friendly, fade free and soil resistant, our durable Colored Cork Tackboards self heal naturally and are dimensionally stable in all directions.

- Linoleum surface made from linseed oil, granulated cork, rosin binders and dry pigments for color throughout.
- Self-sanitizing quality inhibits contaminants.
- Warranty varies based upon tackboard material selection. Please contact your Platinum sales professional for details.

VINYL TACKBOARDS

Make a color statement. Versatile Vinyl Tackboards come in a variety of decor friendly colors in your choice of economical vinyl covered tackboard or vinyl covered cork tackboard. We'll laminate your favorite vinyl to two optional backings: a lightweight substrate or a layer of 1/8" cork on 3/8" lightweight substrate.

- Easy to clean, fade and soil resistant.
- Treated to resist the growth of odor and stain causing microbes.
- Warranty varies based upon tackboard material selection. Please contact your Platinum sales professional for details.

FABRIC TACKBOARDS

Pin-up Pretty. Tack in style with our versatile Fabric Tackboards in a variety of decor friendly colors. We'll laminate your choice of fabric to two optional backings: a lightweight substrate or a layer of 1/8" cork on 3/8" lightweight substrate.

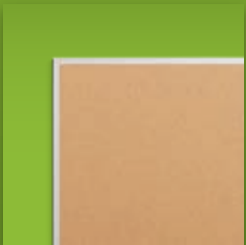

- Fade and soil resistant.
- Treated to resist the growth of odor and stain causing microbes.
- Warranty varies based upon tackboard material selection. Please contact your Platinum sales professional for details.

NATURAL CORK TACKBOARDS

Go naturelle. Finely ground natural cork presents a smooth, resilient surface that remains pliable for years. Our classic corkboards feature 1/8" natural cork over a 3/8" lightweight substrate designed to be dimensionally stable in all directions. Beautiful, eco-friendly, and naturally-renewable corkboards promise a durable, self-healing surface.

- Resistant to soil and fading.
- Warranty varies based upon tackboard material selection. Please contact your Platinum sales professional for details.

DROP-IN TRAY SYSTEM BOARDS (DTS)

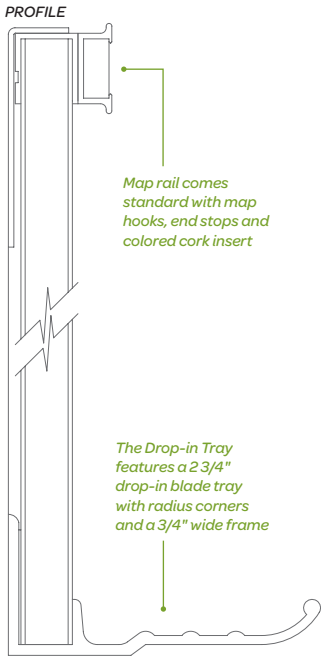

- Porcelain-on-steel writing surfaces with a lifetime warranty.
- All extrusions are manufactured with high quality aluminum alloy to exacting specifications.
- Heavy-duty aluminum extrusions come standard in clear satin anodized. Also available in optional dark bronze anodized or a variety of powder coated finishes.
- Our drop-in trays for marker and chalk boards make for easy installation.
- Safety first: radius blade tray ends equal no sharp edges.
- All tackable surfaces ship fully framed and include hardware for installation.
- Custom sizes available.

GRAPHIC BOARDS with DTS TRIM

A picture worth a thousand words. Graphic Boards take our markerboards and chalkboards to the next level, transforming them into specialized tools for your educational, business or creative needs. From simple penmanship lines to company logos, we imprint the graphic images you need into the board surface. You enjoy the same smooth writing and quick, easy erasure with no glare, reflection or ghosting.

- Permafuse™ process seamlessly embeds UV-resistant graphics into surface.
- Custom graphics include music staff lines, graphs, grids, lines, maps or logos.
- Durable, nonporous, scratch-resistant surface to protect against impacts, abrasions, scratching and fading.
- Magnetic aids hold and reposition easily.
- Only available in bright white finish.

PLATINUM ROLL-RITE

A double board to go. When two boards are better than one — and you need them on the move, our Platinum Roll-Rites are your ticket to write. These reversible boards rotate to provide your choice of two surfaces from our extensive variety of exceptional chalkboards, markerboards and tackboards. You can even custom imprint graphics including music staff lines, logos and graphs.

- Porcelain-on-steel, magnetic writing surfaces.
- Double-sided board rotates 360° and locks for a quick turnaround.
- Moves on rolling base designed for stability and features locking casters.
- Clear satin anodized aluminum frame with full-length accessory tray.
- 10 year guarantee on all tackboard surfaces.
- Lifetime warranty on Writanium® surfaces.
- Overall height: 72".

FIXED ROLL-RITE

WRITANIUM® MARKERBOARD

FABRIC

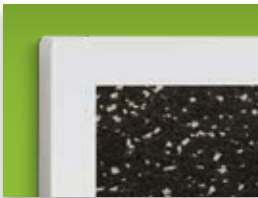

PLATINUM ENVIROTACK™ TACKBOARDS

Earth saver. We produce our eco-friendly Platinum Envirotack™ from high quality, recycled rubber and virgin rubber material, reducing oil consumption and keeping millions of pounds of rubber waste out of landfills. Our recyclable Platinum Envirotack also meets indoor air quality and VOC emission requirements — and is free of urea-formaldehyde — making it people and planet-friendly.

- **Manufactured with 1/8” thick rubber permanently bonded to 3/8” industrial grade substrate.**
- **Resists moisture, mold and mildew.**
- **Non-fading and stain-resistant.**
- **Available in standard size panels and extended length rolls.**

Platinum boards meet the gold level indoor air quality environmental standards of the Scientific Certification Systems

RETROFIT BOARDS

Good as new. For classrooms, businesses and other institutions with old, faded, scratched or worn markerboards or chalkboards, retrofitting with Platinum’s superior advanced surface replacement technology can be the simplest, best and most economic solution. Our customized panels fit easily over old boards to update a pre-existing structure without the hassle of removing it. New retrofit non-reflective surfaces offer smooth writing and clean erasure with no glare or ghosting.

FACE-MOUNTED RETROFIT SYSTEMS

- For resurfacing markerboards or chalkboards.
- Extrusions come in standard clear satin anodized.
- Installation hardware included for fast, easy attachment over existing boards.
- Pre-drilled holes in the aluminum frame help speed installation.
- Lifetime warranty on surfaces.
- Designed to be installed over existing surfaces.
- Can be used with wood or aluminum trim finishes.

MARKERBOARD

MODEL	SIZE (H)
85494WW00	48"
85495WW00	60"

WW = SUBSTITUTE FOR WIDTH IN FEET

FLOOR TO CEILING MARKERBOARDS (FCS)

Think Big. Our own big thinkers created this system for visual communication without limits. We design and manufacture oversized panels to be joined together using a concealed stabilizing spline, creating a smooth transition from panel to panel. Sizes range from 6' high by 8' wide, up to a massive 12' high by 24' wide wall system. Our team can also custom design and manufacture panels to fit any size room.

- The ideal solution for applications that require the absolute maximum amount of writing space.
- Porcelain-on-steel writing surfaces with a lifetime warranty.
- Panels come in sizes up to 4'x12' and are joined with a concealed spline butt joint.
- All extrusions are manufactured with high quality aluminum alloy to exacting specifications.
- Designed to fit any size room.
- Custom configurations are fabricated utilizing 48"W center panel(s) with balanced ends.
- Please note: Overall dimensions are increased by 7/8" (H & W) to accommodate panel installation. For example #815081200, actual dimensions are 96-7/8"H x 144-7/8"W.

Just what you need. Giant-sized for the grandest institution. Small for the tightest squeeze. Trimmed. Finished. Smart. Simple. Pin-perfect. In your favorite color. On just the right board. Exactly what you ordered.

Simply versatile. Totally smart. Choose from eight basic designs as a foundation to create the perfect display solution to fit your needs. Our trim systems can be configured with a variety of rail, tray, board combinations and accessories to suit any application. We can also custom design and manufacture trim systems to adapt to your unique requirements.

We make all aluminum extrusions to our exacting specifications with high quality 6063-T5 aluminum alloy. Extrusions come standard in clear satin anodized, with optional dark bronze anodized and your choice of powder coated finishes.

Enhance your trim system with our matching map rails, trays and writing accessories. And choose from our extensive offering of surface styles and color options to create the perfect visual display system for your environment.

DRY ERASE MARKERS

On your mark. Go. Write smoothly in a bold array of distinctive colors. Long-lasting firm tips help make your point. Designed for fast, easy erasure with no residue. A perfect match for our Writanium® surfaces.

MODEL	DESCRIPTION
851900000	1 Black, Blue, Green, and Red Marker

MAGNETIC TRAYS

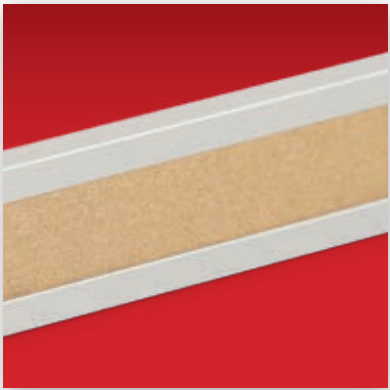

Go with the flow. These attractive, portable magnetized trays hold markers and chalk to let inspiration take you across the board. Trays can be easily and quickly transferred for a secure attachment as you write. A perfect accessory for our Floor to Ceiling Markerboards.

MODEL	DESCRIPTION
852600000	12" Satin
852700000	12" White
852800000	18" Satin
852900000	18" White

MAP RAIL ACCESSORIES

The perfect attachments. Adapt your trim system to your special needs with 1" or 2" matching map rails lined with durable cork inserts. Each accessory, made of extruded aluminum, offers a snug fit to Platinum map rails and a seamless look with each visual system. Customize with flag holders or clips to display maps or other visual tools; end stops create a finished look. Roller brackets secure rolled maps and screens.

Note: Color swatches are printed approximations and actual color may vary. If exact match is required, please contact us to request a sample.

TERMS & CONDITIONS

Platinum Visual Systems reserves the right to alter, change, modify, expand, or discontinue any of the policies set forth below. Platinum Visual Systems further reserves the right to alter, change, modify, or discontinue its programs, policies, or relationship with any customer who violates Platinum Visual Systems’ stated terms and conditions. The terms and conditions below are not intended to be a full, comprehensive, and complete detail of each subject.

Orders & Order Acknowledgements

All orders must be submitted in writing by US mail, Fax, or E-mail. Verbal orders are not acceptable. Your order information must be complete so we can enter your order promptly and schedule it for manufacturing and shipment. It is the Buyer’s sole responsibility to check orders and their corresponding acknowledgments for accuracy. It is also the Buyer’s responsibility to notify Platinum Visual Systems of any acknowledgment discrepancies within 48 hours. Orders for custom designs, custom and non-stocked material will be acknowledged within 48 hours of receipt of the completed order. A minimum order of \$200 is required.

Lead Times

Lead times are established at time of order entry. It is our goal to meet all requested ship dates. Unforeseen product issues may arise which may cause a delay. If this should occur notification will be given as soon as possible.

New Customers

All new customers will need to complete a credit application, unless prepayment is preferred. Upon credit approval, orders will be manufactured and invoiced based upon the information on the acknowledgment.

Returned Merchandise

Our goal of 100% customer satisfaction allows the return of standard products with a 40% restocking charge. Return freight charges must be prepaid. Return merchandise must be unused and in resalable condition for credit to be issued. All returned merchandise must have an RA number issued by customer service prior to merchandise being returned. Orders with custom non-stock material are non-refundable.

Freight, Damages or Shortages

Every effort will be made to ship in accordance with customer requested freight carriers. Platinum Visual Systems is not responsible for damage in shipment when product is shipped on a third party or collect basis. In the event of visible freight damage, note damage on the freight bill and notify the carrier at once for inspection. Note: carriers require reporting damage within 15 days of delivery.

Failure to report visible damage or loss is the consignee’s responsibility. Taking photographs of any damage product, shipping carton, container, packaging, etc. is highly recommended. You have the right to refuse the delivery of any shipment showing visible damage, or to note “possibility of concealed damage” if the packaging is questionable. If the possibility exists for concealed damage opening and inspection the merchandise should be completed at the first available opportunity. Upon inspecting and verifying the order any shortages discovered should be reported to customer service immediately.

Color Variations

Color variations may occur between actual finishes and what is shown in catalog reproduction. Actual finish samples are available upon request. Platinum Visual Systems cannot be held responsible for reasonable variances.

Payment Terms

For credit approved customers, all merchandise will be invoiced when shipped; FOB Corona, CA 92879, Standard terms are net 30 days. Buyer agrees that Platinum Visual Systems shall have the right to assess interest charges of 1.5% per month on invoices not paid and received by Platinum Visual Systems within terms.

Change Orders & Cancellations

All change orders must be in writing. Additional charges may apply. All orders are considered firm and cannot be cancelled except by written consent from Platinum Visual Systems. Should Platinum Visual Systems consent to cancelling an order a cancellation fee of no more than 25% will apply. Orders with custom or non-stocked material are subject to a 100% cancellation fee.

WARRANTY

For the lifetime of the original installation, Platinum Visual Systems warrants that the porcelain-on-steel finish, under normal conditions of use, shall not exhibit excessive fading of color, crazing, cracking or flaking. Platinum Visual Systems warrants the following products for ten years from the date of sale: Colored Cork Tackboards; Vinyl Tackboards; Fabric Tackboards; Natural Cork Tackboards; and Cork Roll Stock. Our obligation under these warranties is limited to supplying, free of charge, new products for the defective goods, or at our option, refunding the purchase price thereof, with due allowance made for the service rendered by such products. All products are sold and warranted only pursuant to our published terms and conditions of sale. We are not responsible to the user for any consequential, incidental or special damage resulting from improper use or installation. Platinum Visual Systems reserves the right to modify or discontinue any of our warranted products. Warranty does not cover the cost, removal or reinstallation.
