Drop-In Tray System Boards (DTS)

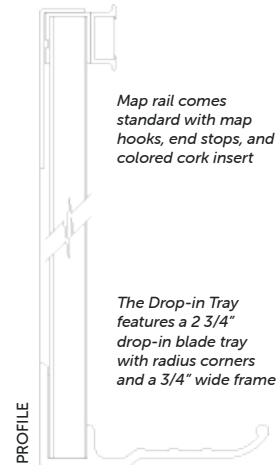

- Porcelain-on-steel writing surfaces with a lifetime warranty.
- All extrusions are manufactured with high quality aluminum alloy to exacting specifications.
- Heavy-duty aluminum extrusions come standard in clear satin anodized. Also available in optional dark bronze anodized or a variety of powder coated finishes.
- Our drop-in trays for marker and chalk boards make for easy installation.
- Safety first: radius blade tray ends equal no sharp edges.
- All tackable surfaces ship fully framed and include hardware for installation.
- Custom sizes available.

Platinum boards meet the gold level indoor air quality environmental standards of the Scientific Certification Systems

Floor to Ceiling Markerboards (FCS)

Think Big. Our own big thinkers created this system for visual communication without limits. We design and manufacture oversized panels to be joined together using a concealed stabilizing spline, creating a smooth transition from panel to panel. Sizes range from 6' high by 8' wide, up to a massive 12' high by 24' wide wall system. Our team can also custom design and manufacture panels to fit any size room.

- The ideal solution for applications that require the absolute maximum amount of writing space.
- Porcelain-on-steel writing surfaces with a lifetime warranty.
- Panels come in sizes up to 4'x12' and are joined with a concealed spline butt joint.
- All extrusions are manufactured with high quality aluminum alloy to exacting specifications.
- Designed to fit any size room.
- Custom configurations are fabricated utilizing 48"W center panel(s) with balanced ends.
- Please note: Overall dimensions are increased by 7/8" (H & W) to accommodate panel installation. For example #815081200, actual dimensions are 96-7/8"H x 144-7/8"W.

EQUAL PANEL WIDTH

TRIM AND SPLINE JOINT(S) INCLUDED

MODEL	SIZE (HxW)
815060800	6' x 8'

Platinum Roll-Rite

A double board to go. When two boards are better than one — and you need them on the move, our Platinum Roll-Rites are your ticket to write. These reversible boards rotate to provide your choice of two surfaces from our extensive variety of exceptional chalkboards, markerboards and tackboards. You can even custom imprint graphics including music staff lines, logos and graphs.

- Porcelain-on-steel, magnetic writing surfaces.
- Double-sided board rotates 360° and locks for a quick turnaround.
- Moves on rolling base designed for stability and features locking casters.
- Clear satin anodized aluminum frame with full-length accessory tray.
- 10 year guarantee on all tackboard surfaces.
- Lifetime warranty on Writanium® surfaces.
- Overall height: 72".

Premium Series Roll-Rite Room Dividers

Divide and conquer. Platinum Premium Roll-Rite Room Dividers allow you to segregate space and create privacy zones, quickly and easily. We designed our heavy-duty 16-gauged gusseted frames with four 3" swivel ball-bearing casters, two locking and two non-locking, to provide stability and ease of movement.

- Available in anodized or powder coated finish.
- Choose from multiple panel configurations.
- Surface options for panels include porcelain steel Writanium® markerboard, designer vinyl or fabric.

Platinum Envirotack™ Tackboards

Earth saver. We produce our eco-friendly Platinum Envirotack™ from high quality, recycled rubber and virgin rubber material, reducing oil consumption and keeping millions of pounds of rubber waste out of landfills. Our recyclable Platinum Envirotack also meets indoor air quality and VOC emission requirements — and is free of urea-formaldehyde — making it people and planet-friendly.

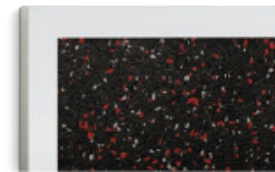

- Manufactured with 1/8" thick rubber permanently bonded to 3/8" industrial grade substrate.
- Resists moisture, mold and mildew.
- Non-fading and stain-resistant.
- Available in standard size panels and extended length rolls.
